

# MADE Startup Map

- Danish startups developing manufacturing technology of the future

Automation and robotics      Sustainability, waste optimisation and circular models      Sensor technology, big data and AI

**Techvolver**   **WeldingDroid**   **RiACT**   **Zensi Robotics**

**Fynbo Technology**   **Made4CNC**   **MEILI ROBOTS**

**TripleA robotics**   **InCite Robotics**   **Cobot Lift**   **GRASPIAN**

**High Precision Systems**   **UNIWELCO**   **EasyPartz**

**SPIN ROBOTICS**   **AIM ROBOTICS**

**CELUGY**   **NorFalk**   **CLENFLEX**

**SemperCycle**   **plalosp**   **TEXTILECHANGE**

**ARIS ROBOTICS**   **4i4**   **Trebo**

**Ento Labs**   **Buy Sell 2.dk**   **NordInvent**

**nexsu**

**neuro space**   **siana**   **HEXASTATE**

**QUALITY IMAGES**   **Consibio**   **BioX**

**Hamso ENGINEERING**   **BIONIC SYSTEM SOLUTIONS**   **Sentispec**

**CEDAS**   **kuatro group**   **Data visionaries**

**SulfiLogger**   **AmiNIC**

3D-print and additive manufacturing      Augmented reality and virtual reality      Digitalisation and Industry 4.0      Modularisation and design for manufacturing

**Calcubed**   **ATLANT 3D NANOSYSTEMS**

**euler**   **FIRM**

**VitaSim**   **CollectiveFlow**

**Hololink**

**WITRICS**   **Encida**   **OPEN IAP**

**move2x**   **Supplybase**   **Octavic**

**BE AWARE**   **Pardeo**   **REL8**

**Giltrendlog.io**

**RD8**
